# MANN FAMILY

Reaching Europe Ministries- Macedonia- Balkans

## Dear Partner in the Gospel,

This update is way overdue. I need to be real with you: the Lord has been so faithful, and so much has been going on that condensing it into a one page letter has been difficult.

This summer the Lord allowed our small church plant in Skopje to thrive. We have seen so many relationships built and so many gospel conversations. Our Sunday crowd is forming into a few faithful friends, many of whom are in church for the first time ever, some reading the Bible or even holding a Bible for the first time.

### The Summer Missions Trip

The Lord led KatieJane from our home church to serve for three months in Macedonia, and He has since confirmed in her heart to serve full time, joining us here. She is currently stateside raising her full-time support. If you would like her to come and present at your church, please let me know. Also, over the summer we had 13 others join us. This allowed us to hand out over 20k tracts, personally share the gospel with over 100 people, and even have another young lady, Kassie, surrender to be a missionary to Macedonia. YES, the Lord gave is 2 new workers this summer! Praise the Lord.

### How You Can Pray

Please continue to pray for our visa situation. In the Lord's timing it will be approved, and until then we press forward. BalkanReach is the umbrella of our digital outreach, and we are now reaching beyond Macedonia into the wider Balkans. Pray for this work, that the gospel conversations it starts will produce lasting fruit.

### A Word on Partnership

Our monthly partnership remains below where we need it to be. Many of you are already giving, and it is what keeps us on the ground in Macedonia. Thank you! If you have never partnered with us, or if you have been considering increasing your support, we would be grateful for you to consider it prayerfully. If you are already giving, thank you again. You are the reason this work continues.

We continue to write curriculum used to reach others with the gospel. This summer we produced an English Cafe curriculum along with discipleship courses, both written specifically for the culture and context we are reaching. Please continue to pray for wisdom as we press forward.

I have included a couple of videos below: one is an update to share with your church, and the other is our update to Grace Baptist Church.
