

Reaching Europe Ministries

Church planting in Macedonia

Oct 2022

Dear Friends,

I am proud of Micah, our oldest and only son. He is now graduated from High School and is in Bible college in Fargo ND. Please pray for him as he seeks the Lord's will for his life. Senja and I just dropped him off and we have now begun the full-time deputation trail once again.

This deputation we are traveling with our home. The Lord has gifted me with building talents and I used these talents to build an RV out of a cargo trailer body. After a few weeks, things are going well. There are some things to work through but overall has been a huge blessing. It allows us not only to have our bed and things with us but to slow down and be able to spend time with folks. I admit the deputation trail is a fast-moving time because the next meeting is also the

next bed, the days between meetings are left open. It is this left-open time that I desire to spend with others. Building relationships is very important.

I am planning a trip to North Macedonia this winter to survey the land and have several goals and prayer requests. Please pray that we meet locals and are able to introduce them to the Saviour. Please pray that we are able to learn exactly what is needed to live in the country long term. As of now, it does not look easy, compared to Hungary at least. It is possible but will take some conversations with immigration lawyers to find out just exactly what path we must take.

Please pray that the Lord will lead and prepare the people that we need to meet to accomplish these tasks. This trip will include my wife and daughters and will cost about \$6000 to achieve please pray the Lord will provide.

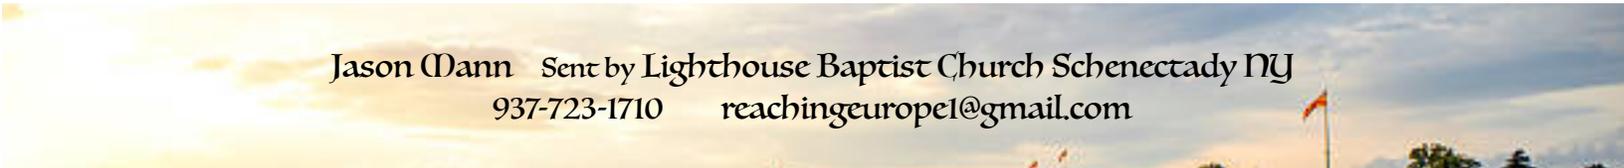

Deputation: Please pray the Lord will open doors of opportunity to present our ministry and our funds will be raised quickly so we can get busy planting churches as souls are saved. I have put together a calendar where you can

schedule a one-on-one ZOOM meeting with me as well. Here is the link. If you would like to discuss Reaching Europe Ministries, please choose a time and I will be happy to chat with you. <https://calendly.com/jasonmann228/30min> I am currently scheduled until mid-November but do have some open dates for conferences. If you are interested please let me know.

Supporting Churches,

If you have ever supported the Mann family, as we travel I would like to stop by and say thank you and catch up. If you would like this to be scheduled, please let me know.

Acts 18:10 The Lord charges Paul with encouragement and strength to continue in ministry because there are much people, It is the people that are the reason to go to Europe with the gospel. Please pray for laborers in Europe. In the summer of 2024, I will be hosting the first annual Five Capital Tour of Europe. More to come on this. You are invited.
