

Reaching Europe Ministries

Church planting in Macedonia

Prilep seen from Marko's Towers

Prilep square

Prilep is a city located in the central part of North Macedonia, approximately 80 miles south of the capital city, Skopje. It is the fourth-largest city in the country, with a population of around 66,000 people. It is small villages like this that desperately needs a gospel witness. Would pray about how you can help reach this city!

As you may know, North Macedonia is a country in the Balkan region of Europe that has a population of approximately 2 million people, located just north of Greece. Despite the ease of travel today and the ability to live with all the comforts Americans are accustomed to, there are currently 0 missionaries in the country. This is a country with no grass huts, and indoor plumbing is included, yet there are zero missionaries.

Orthodox and Muslim are the main religions. According to the Joshua Project (Romans 10:14-15), 33% of the country is classified as Frontier people, meaning in the 22 people groups inside the country, 9 of them are completely unreached (Matthew 28:19-20). <https://joshuaproject.net/countries/mk>

There are no known movements to Jesus, and virtually no followers of Jesus. As for the remainder of the 2 million people, they fall into the minimally reached (Mark 16:15). So basically out of the 2 million souls, there is less than 1% born again. I hope this grabs your attention as a HUGE need for the gospel to be preached (2 Corinthians 5:20).

I am reaching out to churches like ours that have a heart for missions and a passion for spreading the good news of Jesus Christ (Philippians 1:27). Deputation update we are currently 43% supported.
